Our involvement in the Scottish Attainment challenge will help us achieve our goals and improve outcomes for all our learners.

Our improvement Agenda:

**Things we want to get better at.**

- **Raising attainment in P4-7 numeracy with a focus on planning, tracking and monitoring.**
- **Children at the centre:** The boys and girls continue to be at the heart of all we do. All our improvements will centre around them.
- **Continue to develop learning and teaching to improve motivation and engagement.**
- **Improve wellbeing, equality and inclusion by ensuring that our whole school nurturing approach is based on pedagogical theory.**
- **Children will experience a broad range of outdoor learning experiences, which engage and motivate them in their learning. Through Work together with Pupils, Parents and carers to develop a rich outdoor learning environment.**
- **Continue to develop outdoor learning in the Nursery**

Our Maintenance Agenda:

**Things we are continuing to do...**

- **Continue to raise attainment in Nursery and P1-3 Numeracy with a focus on closing the gap Continue to improve existing practice using digital technology to enhance teaching and learning**
- **Continue to evaluate and improve consistency of learning and teaching in Literacy and Numeracy (with a focus on planning, tracking and monitoring)**
- **Continue to raise attainment in Nursery and P1-3 Numeracy with a focus on closing the gap Continue to improve existing practice using digital technology to enhance teaching and learning**
- **Introduction of Growth mindset strategies will increase confidence in all aspects of literacy and develop a ‘can do’ attitude.**
- **Continue to improve existing practice using digital technology to enhance learning and teaching.**
